Graduation Rate – IPEDS	Student Body Diversity & Pell Grant Recipients																						
<p>This is the percentage of students entering the institution as full-time, first-time (no prior postsecondary education), degree/certificate-seeking undergraduate students who entered in the Summer and Fall 2015 academic terms, and who completed their programs within 150 percent of normal time to completion. Disaggregated graduation rate data displayed by gender, race/ethnicity, and financial aid status are based on the same cohort of students. Because many of our students have previous college experience, the number of students measured in this rate is relatively small as compared to the total campus population.</p>	<p>The demographic data provided below are based on full-time students enrolled in the Fall 2021 academic term, as reported in the 2021-2022 IPEDS Fall Enrollment Survey. Race/ethnicity identification is reported at the option of the student. The overall percentage of Pell Grant recipients is reported in the 2021-2022 IPEDS Student Financial Aid Survey.</p>
